

Wisconsin Smart Meter Installation Schedule 2023

Q3 July to September:

Alma Center, Coon Valley, Ettrick, Hixton, Melrose, Rockland, Sparta, Viroqua

Q4 October to December:

Bangor, Blair, Chaseburg, Coon Valley, De Soto, Fort McCoy, Galesville, Genoa, Hixton, Holmen, Independence, La Crosse, Mindoro, Norwalk, Onalaska, Sparta, Stoddard, Taylor, Viroqua, West Salem, Whitehall

Cities with less than 200 installations scheduled in 2023 are not indicated on this map.

This map provide an estimated timeframe on when Xcel Energy plans to install smart meters in your area. About 90 days before receiving your smart meter you will receive a notice on your bill about your meter exchange. Prior to the installation, you'll also receive a postcard and letter or email with more information.

Smart meters may be installed outside of the estimated timeframes shown for different customer types (residential, commercial, solar, etc.). Some customers may receive their meters later than the timeframes, as Xcel Energy works to add additional technology to support all customers. **Meter installations will continue through 2025. New schedules will be published periodically.**
