

Take the Guesswork out of Energy Efficiency with an Assessment from Xcel Energy

Are you looking to quickly identify your most impactful energy and money-saving opportunities? One size does not fit all when it comes to energy planning. That's why Xcel Energy offers a suite of assessments to fit your specific needs, including free, one-hour visits to more comprehensive analyses that are still affordable.

Steps to achieving your energy goals:

1. Determine your goals and needs followed by an on-site assessment.
2. Develop a customized Energy Roadmap.
3. Implement cost-effective on-site improvements.
4. Choose project support from available options.
5. Discover rebate savings opportunities.

**Assessments from Xcel Energy are provided through CLEAResult.
Reach out today to find out which option is right for you.**

PARTNERS IN ENERGY
An Xcel Energy Community Collaboration

Find the Right Option for You

Whether you own or lease your building, an assessment can lead to energy improvements that will improve your space. All energy assessments include:

- ☑ Project prioritization
- ☑ Financial analysis
- ☑ Facilitation of internal stakeholder meetings
- ☑ Help finding a qualified contractor
- ☑ Contractor bidding and proposal review
- ☑ Savings and rebate maximization
- ☑ Rebate paperwork and processing support
- ☑ Additional information about Xcel Energy programs

Use the chart below to pick the right assessment for your business goals and needs.

	Small Business Energy Solutions	Commercial Streamlined Assessment	Building Assessment	Targeted Building Assessment	In-Depth Study
Cost	FREE	\$0-\$500, depending on building size (Free when <50,000 square feet)	\$	\$\$\$	\$\$\$\$ (Funded up to 75% or \$25k by Xcel Energy)
I want...	...to quickly identify my most impactful energy and money-saving options.	...a 2-year energy roadmap focused on near-term project completion.	...a 3-year energy roadmap with all energy related improvements prioritized by cost effectiveness and business plans.	...a 5-year energy roadmap with all energy related improvements prioritized by business budget and goals.	...a set of recommendations to achieve significant savings in that system.
Free Installation of Energy Saving Equipment	Yes	Yes	No	No	No
Time Commitment	<1 hour	1-2 hours	2-3 hours plus 2-3 prep meetings	Kickoff plus quarterly meetings	Kickoff plus site visits
