"My Home Energy Squad visit was so easy. The crew took care of everything, suggested upgrades, and sent a polite follow-up email for 3% financing on new equipment. Here is a picture of my daughter with the new cool-to-the-touch LED bulbs." Joe, actual Bloomington resident

██████████ We had this done in our home and highly recommend! They ended up replacing about 23 of our old lightbulbs with new LED ones which that alone would have cost us way more than \$50 at the store.

"The Home Energy Squad visited our house for a couple of hours. After installing a few free LED bulbs, they recommended enhancing our attic insulation, which we did. Watson, our dog, now gets in 18-hour, draft-free sleep days. Best \$50 we have spent." – Steve, actual Bloomington resident
