

Visit the new Partners in Energy portal: **XcelEnergyCommunities.com**

First time Log In (account set up).

This website is one of the many ways Partners in Energy provides opportunities for communities to learn from and interact with one another. We hope that you use this site to share the story of your community's energy journey. We'll be posting training videos, discussions, and many relevant community updates regularly so be sure to visit often!

GET STARTED:

Your user profile is already set up (username: "Katie Test"), please log in and set your password using this activation link:

<https://xcelenergycommunities.com/user/reset/638/1551369952/1jOupmLxz-ynxNXfncxd8B4vAelqBtUt5iCGHsqx8>

After logging in and updating your password, you can set up a user profile and select your primary Partners in Energy community. If you are involved in multiple communities, select one community and then select multiple communities by holding down the control (Ctrl) key.

If you have any questions about your community efforts or this online resource, please email your Partners in Energy community facilitator.

Your Partners in Energy team

1. You will receive an invitation email from noreply@engagingplans.org.
2. Click on the link provided in the email (example email provided on the left).

Note: If you have not received this email, contact your community facilitator.

3. You'll be taken to a log in page (example provided on the left). Click on log in.

4. You'll be taken to an account set up page (example provided on the left).
5. Customize your unique password and add the personal information you are comfortable sharing.

Home

Reset password

This is a one-time login for *Katie Test* and will expire on *Fri, 03/01/2019 - 11:05am*.

Click on this button to log in to the site and change your password.

This login can be used only once.

▼ Comment follow-up notification settings

Receive comment follow-up notification e-mails

Check this box to receive e-mail notification for follow-up comments to comments you posted. You can later disable this on a post-by-post basis... so if you leave this to YES, you can still disable follow-up notifications for comments you don't want follow-up mails anymore - i.e. for very popular posts.
