

# ENERGY STAR® NEW HOMES

INFORMATION SHEET  
COLORADO

For the 2022 ENERGY STAR New Homes program, new gas-only incentives went into effect and are highlighted in the table below. The eligible thermostat and water heater lists are finalized and available, see page 2 for details. Some areas of our service territory have updated their building code to the IECC 2021 baseline. Until further notice, new homes with final inspections in those areas will be rebated at the 2012 IECC or higher rate.

## ENERGY STAR CERTIFIED REBATE – COMBO AND ALL-ELECTRIC HOMES (NO CHANGE)

ENERGY STAR Certified	\$100
-----------------------	-------
